How to get printed IRS tax forms for tax year 2019

For taxes to be filed by Wed. April 15, 2020

Due to budget cuts for the IRS, there are fewer tax forms—and **no instruction books**—already printed and available in public libraries.

Timberland libraries have **limited quantities** of the two pre-printed IRS Tax return forms:

- Form 1040
- Form 1040SR (*born in 1955 or earlier*)

Note: 1040A and 1040EZ were discontinued last year

Timberland libraries have **no printed instruction books** this year. However, all forms and instructions are available to print on demand from the IRS website at [IRS Tax Forms](#).

Free online filing forms and instructions are also available online at [IRS FreeFile](#).

If you're in a Timberland library, you can print forms and instructions yourself. The first 100 pages printed per week are free—after that the cost is \$0.10 per page. (Note - each side printed counts as a page.)

Since the tax instruction books are large, your best option is to find the instructions online or request a pre-printed instruction book mailed directly to you from the IRS through their toll-free number 800-829-3676, or online [IRS Order Forms By US Mail](#). If you need assistance finding or printing the forms, library staff can help you.
