He would like to talk about the best way to engage and situations that this would be acceptable. Trustee O'Connell shared his concerns and noted that he would like to see guidelines spelled out and included in the bylaws as well as if there should be a policy. His opinion is that this should not replace coming to a meeting and suggests that we create rules for when it is acceptable to use something like WebEx. He would also like to see technological standards in place and recommended that staff come back in January with suggestions to these concerns. After a brief discussion, the Board agreed with Trustee O’Connell’s recommendation. Item will come back in January with a recommendation from staff.

b. 15. Final Board Comments – Trustee Hall noted that he knows he hears that there is a need for an additional library in areas such as Olympia but with no money
for staff, books or a levy lid lift, he’s sorry that it doesn’t seem likely as we only have so much money available and we don’t want to string anyone along. Trustee Hardy shared that he appreciates being able to connect to the library and the Library Director is a key player. We have five counties and a common purpose and he is very proud to be at the table and hopes the public realizes how lucky they are to have such a vibrant library in their counties.
