4. Correspondence – None

5. Public Comments – None.
6. Board Comments – Trustee Hall shared that he was asked to attend a meeting with the South Bend City Manager and Library Manager Jenny Penoyar regarding the issues with the South Bend Timberland Library. The City Manager asked for a board member perspective on repairing the many building issues. Trustee Hall relayed our current financial situation with the potential timber revenue shortfall and reminded the City Manager that the city is responsible for the building and the repairs could be very costly. The City Manager asked about selling the building to TRL, and Trustee Hall told him that he needed to contact our Facilities Manager and Library Director to have that discussion but his opinion as a board member is that the repairs are too costly and we don’t have the funds to put into the building nor would he want us to.

7. Director’s Report - Cheryl Heywood

   a. Mary Halterman, ALA Report – Mary shared an overview of her experience facilitating the Great Stories Club book discussion groups with the theme, “The Art of Change.” Mary received an ALA grant to fund the project.

   b. Cheryl reported on some additional items not in her report. She noted that the Amanda Park Summary is due to Grays Harbor by 3/31 and is ready to mail. She shared that she is working on scheduling meetings with the K-12 school Superintendents of our five counties. At these meetings, she will present the concept and overview of the TRL e-library cards for K-12 students with the hope that we are able to enter into agreements with the districts in our service area. On February 15, she, along with Kendra Jones and Alice Goudeaux will attend the Thurston County Chamber Education Summit. An anonymous donor gave us $500 earmarked for this sponsorship. TRL will have exposure to over 2,000 members on promotional materials and 250 who will be in attendance. The sponsorship allows TRL the opportunity to speak to the attendees and Kendra will do a 3-minute presentation to talk about our services. Cheryl highlighted that for the month of January we will have booklists and a really fabulous podcast of Dr. Martin Luther King’s “I have a dream” speech that was recorded using various staff. Lastly, we are once again participating in the Impact Survey ran through the University of Washington and runs February 1-28.

10. Unfinished Business

a. WebEx – Josh shared that information was provided in the board packet on using WebEx and he is following up to see if there are any questions about using it for board meetings. His recommendation is that we continue to use AV Capture all as it works well for us. He did mention that we could explore the option of using the live streaming capability if the board wanted to. There was general agreement that what we are using is fine.

b. Rochester Kiosk Agreement Update – Cheryl reported that the agreement needs additional work and will be presented for review next month.

c. Grays Harbor Transit MOU – Cheryl presented the renewal MOU for discussion and approval. Trustee Connolly asked if after reviewing how the past year has went, if it turned out that providing this service was budget neutral for Timberland as it was originally presented to the board. She noted that in reviewing the Executive Summary she didn’t see where this was indicated and she would like to see if it truly has been budget neutral. Cheryl stated that it is hard to judge as we don’t have the full details in the summary. She will work with the Business Office on details and present better information next month. Trustee Blanton asked if it
has been a burden for staff to sell the passes and Cheryl replied no, but that as it was a pilot program it was initially hard to judge/estimate how many cards would be needed. We now have a better understanding of what the public needs and are purchasing passes according to what is being used.

d. Pac. Mtn. MOU – Cheryl shared that the MOU has been signed by Pac. Mtn. and she is seeking authorization to sign and execute the agreement. She noted that this pilot program will take place in Pacific County libraries. The $10,000 from Pac. Mtn. will purchase 10 Chromebooks that will be available for check out. These Chromebooks will only able to access WorkSource and TRL resources for employment and career use.

e. Tenino School District MOU – Cheryl shared that a MOU has been signed with the Tenino School District for a pilot program at the Tenino Library. The TSD will provide 5 laptops at the outset and we can ask for more if there is demand. Laptops can only be checked out for in-library use and students will use their school identification to check out the laptops. There will be a soft opening on March 1.

f. Metrics Priorities Discussion – Trustee Connolly suggested that the Executive Committee meet and have a discussion to narrow down the list to something more manageable and bring it back to the board next month for a more robust discussion about what was identified by the committee. Everyone agreed. Back next month.

11. New Business

a. Eric presented Resolution #17-001 closing local bank accounts and asked for approval. He stated that we are only going to have one bank as required by Washington State RCW 27.12.60.

b. Department of Natural Resources Timber Revenue Overview – Cheryl shared that she and Eric attended a DNR meeting as TRL is a beneficiary of trust lands. They heard a presentation on information regarding two studies relating to the sustainable timber harvest and the marbled murlet. She noted that the entire report is available on the DNR website. DNR is taking comments from stakeholders and we are drafting a letter that states if they choose option #4, TRL will experience a large shortfall and therefore would have to make substantial cuts in the budget. The deadline to provide comments is March 9.

c. 2016 Action Plan – end of year report – Cheryl asked if there were any questions and there were none.

d. 2017 Action Plan – Cheryl shared that the 2017 Action Plan will be presented next month.
